Form - Duty of Candour Annual Report

All health and social care services in the UK have Duty of Candour responsibilities. This is a legal requirement which means that when things go wrong and mistakes happen, the people affected understand what has happened, receive an apology and organisations learn how to improve for the future.

An important part of this duty is to provide an annual report about the duty of candour in our service. This short report describes how the Care Home has operated the duty of candour during the last year. We hope you find this report useful.

What year does this annual report relate to?: 2025

Who is completing the report: Hazel Heathcote

Job Role: Home manager

Provide a short narrative about your service: Templeton House care home in Ayr is a care home for up to 69 residents. We provide residential, nursing, and dementia care for older people who require care and support in a homely setting. We aim to ensure that our residents receive an excellent quality of care and live happy, fulfilled lives.

When you realised the event(s) above had happened, did you follow the correct procedure.: YES

Did you review what happened and what if anything, went wrong to try and learn for the future.: YES

When something has happened that triggers the duty of candour, do staff report this to the Home Manager who has responsibility for ensuring that the Duty of Candour procedure is followed?: YES

Does the Home Manager record the incident or accident and reports it as necessary to the CI/ CQC/CIW, the local contracting authority, the Regional Director, and the Quality Director, for the company.: YES

Do all new staff learn about the duty of candour at their induction?: YES

When an incident or accident has happened, does the Home Manager and staff set up a learning review?: YES

Please provide a short explanation of the learning from any Duty of Candours (Please do not provide any information that could identify individual residents): In response to the residents that experienced harm, both care and support plans were reviewed and updated involving the resident and their families and additional measures were put in place. One of the residents remained mobile and increased supervision was put in place, PIR sensor put in place in bedroom and pain management was reviewed regularly. The second resident that experienced harm, there has been an action plan put in place to ensure that staff are confident and competent when a person has had a fall and sustained an injury and what action to take, also to ensure that people are safe, and staff are responsive following post operative care.

Duty of candour informs our learning and planning for improvements as a service, and as a company. It has helped us to remember that people who use our services have the right to know when things could be better, as well as when they go well.

Do you confirm that you have made this report available to the regulator but in the spirit of openness, have also published it to share with residents and their relatives too.: YES
